

Family Office Forum Paris

Post-Event Report

The inaugural meeting of Francophone UHNWIs and Family Offices
15th of May 2018
(Next Paris event: 14 – 15 May 2019)

The Family Office Forum Paris hosted an incredible 49 French UHNWIs and Family Offices (attendee composition below).

The investors and experts brought diverse perspectives and backgrounds to the stage. The main topic at hand was, as always, how to invest successfully in view of family and planetary wellbeing.

The positive feedback was overwhelming thanks to so many wonderful speakers and attendees. Delighted with the outcome, we will host another Paris Family Office Forum in May 2019.

Programme and Speakers

The Forum [programme](#) was based on recommendations and several months of research. However, it is thanks to our 16 [expert speakers](#) that the Family Office Forum was such a success.

Our participants included UHNWIs, widely recognized specialists, and many multi-generational Family Offices and Principals. It is because of this collective wealth of knowledge and experience that the event's networking was of the highest calibre and most highly treasured amongst our guests.

Partners (Sponsors)

The event, in such picturesque scenery, was enjoyed by all. Thanks again to our top-level partners, Expon Capital and Laurent Perrier!

I would like to thank you for this incredible networking event.

This was my first "Family Office event" and you set the bar quite high.

I had the opportunity to connect with many interesting people from across Europe.

Martin - Family Office Principal

This is just a short note for a big thank you, to you, Tobias, Tiffany and the whole team, for having organized such an interesting and very high powered event.

Indeed, the selection of your guests, and in particular, of the speakers, was exceptional : the subjects treated were as different from one another, and yet a streak of same values and attitudes the omnipresence of them all !

I was very grateful and honored to have been invited, to have been able to meet so many extraordinary individuals and exchange views on our mutual and important subjects on how to protect and preserve the generational' wealth throughout families...in an honorable way.

Also, the choice of the cite for the venue was lovely, quite elegant and special.
