Family Office Forum

Zurich, 8-9 November 2016

The **Family Office Forum** Zurich is the annual meeting of more than 100 Family Offices from all over the world, a truly global and international gathering of genuine Family Offices held in English:

How does it work? The global Family Office Forum has a very different formula from other events:

- More genuine* Family Officers than service providers in the audience, and as stage speakers – by Family Offices, for Family Offices.
- Topics are relevant to Family Offices; the Forum is not a sales show and presentations are not about products.
- Only selected Partners/Sponsors who clearly add value may participate. This creates a win/win situation: Family Offices only hear about their interests, and Sponsors/Partners do find that specific interest within their own audience.

The Conference is a networking event with all-day-long networking, plus 5 parallel streams to choose from. See the programme overview – with all presentations and panel discussions – on the next pages!

The Family Office Forum Zurich on 8th - 9th November is taking place in the Dolder Grand, a spectacular mountain top location, overlooking the city of Zurich and its stunning lake; just 10 minutes by car to the city center and only 20 minutes to the airport. Expect beautiful surroundings and an exclusive venue perfect in which to meet like-minded peers.

* Our definition of a Family Office; minimum £100M in assets and serves one or a few families (not a solution provider to 3rd parties). Those doing both (family investor and solution provider to FOs) are welcome to join us at 50% of the standard fee.

The **Family Office Forum** Zurich is based on:

1. Years of research with over 100 Single and Multi Family Offices, many UHNWI, plus private banks, banks with UHNWI management, academics and partners.
2. The precise wishes and the active support of Family Offices. The agenda is based on the requirements and challenges of Family Offices in their day-to-day business.
3. The long-standing expertise of the partners at Prestel & Partner, in particular with Family Offices. The genuine interests of Family Offices are at the core of our Forum. Please refer to our testimonials at www.prestelandpartner.com

The Family Office Forum takes a closer look. Topics are dealt with in depth to enable our participants to experience genuine progress in their work.

The Family Office Forum offers all participants a platform to exchange experiences, hear about the latest strategies and discuss them afterwards. It is the ideal environment to nurture important relationships and to meet new interesting contacts.
